

DUNMAR

Capability Statement

Dunmar Group Inc. is a woman owned small business, Design Build Certified General Contracting Firm. We have been innovators in construction since 2009. We provide turnkey construction services for the federal and state government agencies, commercial and private sectors. We are proud to hold designations as a Federally Certified 8(a) Contractor, a Certified General Contractor, WOSB and EDWOSB. Dunmar Group is located in Northeast Florida. We currently service the entire southeast region of the USA.

We distinguish ourselves with an exceptional combination of industry expertise and historical preservation gained through over 20 years of experience. Our proven techniques and processes provide our client with the result they can expect and deserve. Our ability to focus on safety as a priority and provide safe quality workmanship has created a successful lasting relationship for both our firm and our clients.
